Re: Formal Approval of Form and Amount of Replacement Reclamation Surety, Continental Lime, Inc., Cricket Mountain Mine, M/027/006, Millard County, Utah

Dear Mr. Dodge:

On May 28, 1997, the Board of Oil, Gas and Mining conditionally approved the form and amount (\$1,292,400.00) of replacement reclamation surety for Continental Lime, Incorporated's Cricket Mountain Project Expansion. The question concerning the notary acknowledgment on the surety document has been clarified and the conditional approval is now resolved. The reclamation surety is in the form of a rider to surety bond (# SL 111 1905 8169) issued by Fireman's Fund Insurance Company. The Division hereby grants its final approval of this revised project and the replacement reclamation surety. A final Board Order will be forwarded to you concerning this permitting action upon receipt from our legal counsel.

Enclosed please find copies of the fully signed and executed Reclamation Contract and surety bond forms for your files. Also enclosed is the original old Reclamation Contract dated October 25, 1995, for your disposal.

Thank you for your cooperation and patience in helping finalize this permitting action. Please call me if you have any questions in this regard.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
